Burgwedel, im Juni 2026

A detailed illustration of two kingfishers perched on a weathered branch. The kingfisher on the right is facing the one on the left, with its beak open and holding a small insect. The kingfisher on the left has its beak open, ready to receive the food. Both birds have vibrant blue heads, orange-brown chests, and white underbellies. The background is a solid, muted green. In the bottom right corner, there is a small, stylized black and white portrait of a man with glasses and a mustache, wearing a collared shirt. In the top left corner, there is a white rectangular box containing the text 'Heinz Sielmann Stiftung' in a black serif font.
